

UBR 192, 288 & 432 BREAKOUT KITS

Opticonx UBR Series Breakout Kits are designed to provide a direct termination solution for high fiber count ribbon unitube cables and MTP/MPO terminations.

Opticonx UBR Series Breakout Kits can also route up to 12 fiber ribbons into individual color coded tubes via a protective housing. The color coded, protected fiber ribbons can then be routed to splice trays or directly terminated with individual ST, SC, LC connectors when used with an Opticonx SPKR Series Ribbon Splitter Kit. The kits work with any manufacturer's cable with 1 to 12 fiber ribbons per tube.

- 1 Breakout body with 36" color-coded tubing
- 2 0.75" x 7.00" adhesive shrink tubing
- 3 Cable body
- 4 0.75" x 1.00" adhesive shrink tubing

Application

- MTP/MPO direct termination solution for multi-ribbon unitube cable
- Direct termination solution for ST, SC and LC connectors when used with Opticonx SPKR Series Ribbon Splitter Kit
- Fiber identification, management/ routing and protection for fusion and mechanical splicing

Features/Benefits

- No special tools required
- Easily identified color coded tubing
- Fits any manufacturer's cable
- Installs in minutes
- Protects and manages bare fiber

Standard tubing length is 36"
Custom lengths available
